## Correction: An exploration of homo- and heterometallic $\text{UO}_2^{2+}$ hybrid materials containing chelidamic acid: synthesis, structure, and luminescence studies

Paula M. Cantos,<sup>a</sup> Simon J. A. Pope<sup>b</sup> and Christopher L. Cahill<sup>\*a</sup>

DOI: 10.1039/d0ce90092c

[rsc.li/crystengcomm](https://rsc.li/crystengcomm)

Correction for 'An exploration of homo- and heterometallic  $\text{UO}_2^{2+}$  hybrid materials containing chelidamic acid: synthesis, structure, and luminescence studies' by Paula M. Cantos *et al.*, *CrystEngComm*, 2013, 15, 9039–9051, DOI: 10.1039/C3CE41655K.

The formula given for compound 5 is incorrect throughout the manuscript and supporting information. The correct formula is:  $[(\text{UO}_2)_2(\text{O})_2\text{Sm}_7(\text{OH})_8(\text{C}_7\text{H}_2\text{NO}_5)_4(\text{NO}_3)(\text{H}_2\text{O})_6]\cdot 4\text{H}_2\text{O}$ .

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
